LIGHT	Local (DTM Suite)	USB - Memory card	DG500
	Cloud		

ON-LINE LICENSE ACTIVATION:

Start using your DTM software it's easy: register your software online and get the DTM license activation by the following steps:

- Create you profile registering personal data on: www.register.dinamicagenerale.com
- Register the product license typing the serial number of your DTM;
- Wait for license activation file.

LICENSE BENEFITS

The license subscription (1 year validity) entitles DTM license subscribers to benefit from the following services:

- DTM software update via the Internet
- Direct support by phone or remote access to the PC
- App with KPI (Key Performance Indicators) directly on your smartphone (available for DTM Cloud only)

NOTE:

The DTM License subscription includes all benefits for a period of 12 months from the License activation date. At the end of each 12 months coverage, the License subscription is renewable for another 12 months or more. If License is not renewed, for Cloud versions, the usage of software will be suspended and Licensee will no longer receive the benefits described above.
